GOVERNMENT OF BOMBAY.

GENERAL DEPARTMENT.

Resolution No. P. 55.

Bombay Castle, 16th May 1935.

Read the reports from the Commissioner in Sind and the Commissioners of Divisions on the working of the municipalities and notified areas in the Bombay Presidency for the year 1933-34.

RESOLUTION.

PART I.

SUMMARY.

Number and area.—The total number of municipalities in the Bombay Presidency, including Sind, at the close of the year under report was 155 as against 154 in the preceding year, as a new municipality was constituted in June 1933 at Dadu in Sind. Of these, thirty were borough municipalities under the Bombay Municipal Boroughs Act, 1925. The most noteworthy occurrence in this year was the bringing into force from the 1st November 1933 of the City of Karachi Municipal Act; 1933, whereby the Karachi City Municipality was constituted a Corporation, and in consequence the affairs of Karachi are excluded from this review. The number of notified areas, exclusive of those which merely exist for the control of buildings and do not levy taxes, were eight in the Bombay Suburban district, one each in the Poona and Satara districts of the Central division, and five in the Southern division. The Andheri notified area was subsequently merged in the municipal district of Vile-Parle and the Santa Cruz notified area in the Bandra municipal borough from the 15th February 1935.

2. *Change in the population and boundaries.*—The total population resident within municipal areas, excluding Karachi city, was 2,966,956 as against 3,201,893 for the previous year. The large decrease is due to the exclusion of the figures for Karachi city. On the other hand there is a slight increase owing to the creation of a new municipality at Dadu in Sind, the extension of the limits of the municipalities of Hyderabad in Sind, Igatpuri in the Central division and of Haveri in the Southern division, and to the fact that the population of the Navalgund municipality, which was left out of account in the last year's report, has now been included.

3. *Constitution of municipalities.*—In the Northern division, triennial elections were held in the year under report at Ahmedabad, Umreth, Anand, Dakor, Mehmedabad and Kaira and it is reported that generally the voters displayed a keen interest in these elections. The period of supersession of the Broach municipality was extended up to 31st October 1934, and till that date its administration was carried on by a Committee of Management.

In the Central division, triennial elections were held at Ahmednagar, Jalgaon, Bhusawal, Dharangaon, Dhulia, Nasik, Manmad, Trimbak, Lonavla, Jejuri, Baramati, Sirur, Alandi, Pandharpur and Sangola. The Nandgaon municipality in the Nasik district was superseded for one year as the activities of local factions had brought about a complete deadlock in the municipal administration.

In the Southern division, triennial elections were held in the Saundatti-Yellamma, Matheran, Malvan and Ratnagiri municipalities. On account of continued mal-administration, the Navalgund municipality was superseded in December 1933. The constitution of the temporary municipality of Gudguddapur in the Dharwar district was revised by increasing the number of nominated members from 7 to 10, to provide for representation of the temple committee.

In Sind, triennial elections were held in the Keti Bunder, Hala, Tando Allahyar, Nasarpur, Tando Muhammad Khan, Rohri, Jacobabad and Dadu municipalities. As noted above a new municipality was established at Dadu and the Karachi municipality was constituted into a Corporation. The Shikarpur municipality remained superseded during the year under report.

A statement* giving statistics regarding the number of voters who actually exercised the franchise at the municipal elections is appended.

4. *Attendance at municipal meetings exclusive of figures for Karachi city.*—The number of meetings held was 3,977 as against 4,173 in the previous year. The average percentage of the members present at the meetings and the number of adjourned meetings declined from 60·87 and 1,635 to 60·22 and 1,434, respectively, in the year under report. Instances of failure of members to attend two-thirds of the total number of meetings were common, but the decrease in the number of adjourned meetings may indicate that the interest showed by the members in municipal matters was generally greater than in the previous year.

5. *Changes in the system of taxation—house and drainage taxes.*—There was no important change. House and drainage taxes were introduced in Shikarpur, but in view of public opposition, the house tax was abolished with effect from the 1st April 1934 and instead the rate of drainage tax was raised from $3\frac{1}{8}$ per cent. to 5 per cent. The Matheran municipality reduced the incidence of its house tax owing to trade depression.

Octroi.—The Belgaum and Bagalkot municipalities revised their octroi schedules.

Terminal tax.—The terminal tax schedules of the Godhra, Bulsar, Chiplun, Sukkur, Shikarpur, Tando Adam, Shahdadpur, Mirpurkhas and Jacobabad municipalities were revised with a view to obtaining increased revenue. The Navalgund and Nargund municipalities in Southern division replaced octroi by terminal tax.

Sanitary cess.—The Chiplun municipality enhanced its special sanitary cess, while the Kambar municipality decreased its halalkhore charges. The Matheran municipality abolished the general sanitary cess in respect of houses assessed below Rs. 30 per annum.

Conveyance tax and tolls.—The Ahmedabad municipality imposed a toll on motor vehicles entering the city. The toll tax schedules of the Broach and Godhra municipalities were revised. The Chiplun and Sholapur municipalities revised their rules for the levy of wheel tax.

Miscellaneous taxes.—The Ranpur, Bhusawal and the Gadag-Betgeri municipalities imposed license fees on certain trades, and the Broach municipality was allowed to levy penal fees for unauthorised occupations of street lands under section 90 of the Bombay Municipal Boroughs Act, 1925.

6. *Municipal income.*—During the year under report, the aggregate gross income of municipalities fell from 3,81 lakhs to 3,47 lakhs. Deducting receipts under "extraordinary and debt", the ordinary income amounted to Rs. 2,10½ lakhs against Rs. 2,44½ lakhs in the previous year. The large decrease in income is due mainly to the fact that the figure of income of the Karachi municipality, which exceeds the total for the remaining municipalities in Sind, and which amounted to Rs. 35·53 lakhs, has been excluded.

7. *Octroi and terminal tax receipts.*—Under this head, there is a total decrease of about Rs. 4,76,000, owing to the exclusion of the figures of the Karachi city, receipts of which amounted to Rs. 7,35,000. The Northern and Southern divisions showed increases of about Rs. 1,33,000 and Rs. 35,000 respectively, due to increased imports. A decrease of about Rs. 16,000 in the Central division is attributed to the general trade depression in Poona, Satara, Nasik and West Khandesh districts.

8. *Taxes on houses and lands.*—The receipts under this head show a decrease of about Rs. 9,13,000 in the aggregate, which was shared by Sind and all the divisions, the former showing a decrease of about Rs. 8,21,000 due to the exclusion of the figures of the Karachi municipality. The decrease in the Central

* Appendix A.

division (34,000), Northern division (43,000), Southern division (16,000) was due partly to late disposal of appeals against assessment of house tax and partly to slackness in recovery.

9. *Water rates.*—The receipts under this head show a decrease of about Rs. 5,10,000, due to the exclusion of figures for Karachi. In the Northern division, there was an increase of Rs. 3,71,000, the Ahmedabad municipality alone accounting for Rs. 3,60,000, due to the recovery of the major portion of arrears of the previous year from mills and factories. In the Central division, there was an increase of Rs. 36,800, due to an increase in the number of water connections, larger consumption of water and better recoveries. In the Southern division, there was a net increase of Rs. 2,000, chiefly due to the recovery of arrears by the Bijapur municipality.

10. *Recovery of dues.*—Notwithstanding the remarks made in previous reviews published by Government, the collection of taxes is far from satisfactory, and even worse, in many cases, than in the previous years, and arrears continued to mount up from year to year. In the great majority of cases, the arrears are reported to be due to delay in the issue of bills, slack supervision and reluctance to adopt prompt and effective coercive measures. It is also reported that in many cases municipal councillors themselves figured among the defaulters and that in other cases recoveries were not made owing to the sympathy of the councillors with the defaulters who happened to be their friends or relatives. It appears that there exists a regrettable reluctance to take action against councillors under section 28 (*1*) (*e*) of the Bombay Municipal Boroughs Act, and section 15 (*2*) (*f*) of the Bombay District Municipal Act. Unless earnest and assiduous efforts are made to collect the large outstandings, and to take prompt and effective measures for the regular collection of dues, the municipalities cannot hope to maintain such financial equilibrium as may enable them to conduct their municipal administration efficiently, and to undertake the many schemes of public utility, which are urgently required. It is a sad commentary on municipal administration, that when a municipality has been superseded or has taken on loan the services of a Government officer, the collection of dues normally improves to such an extent that after a short period hardly any arrears remain. The total amount of arrears of taxes and dues in all the municipalities of the Presidency including Sind at the end of the year 1933–34 was about Rs. 32·12 lakhs, i.e., an increase of about Rs. 87,000 over the figures of the preceding year. The following is the survey of the situation for each division and Sind:—

In the Northern division, almost all the municipalities in the Ahmedabad, Thana and Kaira districts, and the municipalities of Godhra and Surat had large amounts of arrears outstanding at the close of the year.

In the Central division, the outstandings at the end of the year on account of the important direct taxes, viz., house tax, conservancy cess, wheel tax and water rate, amounted to Rs. 13,39,584, nearly half of which were on account of house tax. The heaviest arrears, i.e., more than 50 per cent., were allowed to accumulate by the Kurla, Sangamner, Yawal, Shirpur, Nandgaon, Indapur, Saswad, Jejuri and Ashta municipalities.

In the Southern division, the arrears were specially heavy in the Gokak, Athni, Saundatti-Yellamma, Bail-Hongal, Bijapur, Bagalkot, Guledgud, Dharwar, Gadag-Betgeri, Hubli, Navalgund, Nargund, Haveri, Kumta, Honavar, Bhatkal, Matheran, Uran, Malvan, Ratnagiri and Vengurla municipalities.

In Sind, the work of collection of taxes showed further retrogression. The outstandings at the close of the year being Rs. 98,381, exclusive of an amount of Rs. 3 lakhs outstanding in Karachi, as against about Rs. 3,59,930 and Rs. 3,48,843 inclusive of outstandings in Karachi in 1932–33 and 1931–32, respectively.

11. *Revenue derived from municipal property.*—Under this head, there was a decrease of Rs. 4,69,000, mainly in Sind and due to the exclusion of the figures of the Karachi municipality. The Northern and Southern divisions showed increases of Rs. 33,000 and Rs. 22,000, respectively.

12. *Grants and contributions for general and special purposes.*—The receipts under this head, which consist mainly of grants-in-aid by Government to municipalities for the improvement of water supply and drainage, for the entertainment

of health officers and sanitary inspectors, and for medical and educational purposes were Rs. 15,23,862, as against Rs. 18,29,324, in the previous year. The decrease was shared by Sind and all the divisions, the Central and Northern divisions alone being responsible for the decreases of Rs. 1,45,000 and Rs. 1,14,000, respectively.

13. *Nature of income and incidence per head of population.*—Of the total income of municipalities, excluding Karachi, amounting to Rs. 2,10,43,454, Rs. 1,56,51,045 were realised from municipal rates and taxes, compared with Rs. 1,81,27,701 in the previous year, direct taxation yielding Rs. 83,54,163 or 59·77 per cent., and indirect taxation Rs. 62,96,882 or 40·23 per cent. The corresponding percentages in the previous year were 68·71 and 31·29 per cent. The average incidence of taxation per head of population decreased from Rs. 5–10–7 to Rs. 5–4–5 and that of income increased from Rs. 7–10–2 to Rs. 7–12–3.

In Sind, owing to the exclusion of Karachi where the figures for the years are Rs. 11–15–1 and Rs. 14–0–5, respectively, the average incidence of taxation per head of population fell from Rs. 6–14–8 to Rs. 3–6–8 and that of income from Rs. 9–11–2 to Rs. 5–15–10. The highest incidence of taxation, viz., Rs. 6–1–8, was shown by the Mirpurkhas municipality and the lowest, viz., Rs. 1–14–7 by the Nasarpur municipality.

In the Central division, the average incidence of taxation fell from Rs. 4–14–11 to Rs. 4–14–6 and that of income from Rs. 7–2–4 to Rs. 6–14–3.

In the Northern division, the average incidence of taxation increased from Rs. 6–13–8 to Rs. 7–4–10 and that of income from Rs. 8–6–0 to Rs. 8–11–2.

In the Southern division, the average incidence of taxation fell from Rs. 3–7–8 to Rs. 3–4–5, and that of income from Rs. 4–10–8 to Rs. 4–5–10.

14. *Working of octroi and terminal tax systems.*—In the Northern division, the municipalities of Dholka, Viramgam, Ranpur, Surat, Thana and Bassein continued to levy octroi. Seventeen municipalities imposed terminal tax. Five municipalities, viz., Modasa, Borsad, Dakor, Kapadvanj and Rander do not levy either of these taxes. Out of the gross collections of Rs. 5,00,869 from octroi during the year under report, a sum of Rs. 1,27,967 was granted as refunds in respect of goods re-exported from municipal limits, as against Rs. 1,28,186 in the previous year. As in the previous year, the Surat municipality alone was responsible for a refund of Rs. 1,27,162.

In the Central division, the octroi system was in force in 34 municipalities, while 9 municipalities levied a terminal tax. Karad is the only municipality which levies terminal tax as well as octroi. The gross octroi collections amounted to Rs. 15,57,447, the net income being Rs. 14,72,752, the percentage of refunds in respect of re-exported goods being 5·4 as against 5·2 in the previous year.

In the Southern division, the gross receipts from octroi amounted to Rs. 6,53,790, of which Rs. 19,021 were refunded in respect of re-exported goods, the percentage of refunds being 2·90 as against 3·27 in the previous year. The octroi system was in force in 22 municipalities while 11 municipalities levied terminal tax.

In Sind, the system of terminal tax was in force in 15 municipalities.

15. *Expenditure.*—The total expenditure of the municipalities during the year under report was Rs. 3,55,23,000 as against Rs. 3,71,99,000 in the previous year. Excluding the item of "extraordinary and debt", the expenditure amounted to Rs. 2,02,99,000 as against Rs. 2,31,68,000 in the preceding year. The figures for Karachi have been excluded.

16. *Water supply.*—The total expenditure on water supply schemes increased by about Rs. 1,99,800, mainly under "Capital Outlay", which was shared by the Central (Rs. 3,44,203) and Southern (Rs. 73,000) divisions. On the other hand, Sind and the Northern division showed decreases of about Rs. 1,85,000 and Rs. 33,000, respectively.

17. *Financial working of water supply installations.*—In the Northern division, the income of the Ahmedabad municipality from water rates rose from Rs. 15,85,937 in the previous year to Rs. 19,45,990 in the year under review, due

mainly to recovery of the previous year's collections from mills and factories. Of this, Rs. 7,10,023 were derived from the direct sale of water and Rs. 12,35,967 from the general water rate. The expenditure, including interest, sinking fund instalments and depreciation charges, amounted to Rs. 4,42,653, as against Rs. 4,49,484 in the preceding year. The working of the water supply installation at Surat showed a net profit of Rs. 1,29,472 as against Rs. 78,691 in the previous year. The water supply accounts of the Kapadvanj and Bhiwandi municipalities showed a profit, whilst the Rander and Thana municipalities incurred a loss.

In the Central division, the water works at Dhulia, Trimbak, Karad, Satara City and Vita yielded a profit, whilst those at Ahmednagar, Jalgaon, Nandurbar and Nasik were run at a loss.

In the Southern division, the water works at Hubli, Bijapur, Alibag, Mahad and Uran worked at a loss. The installations at Dharwar, Matheran, Panvel, Pen and Roha showed a profit.

18. *Drainage.*—The expenditure under this head decreased by about Rs. 3,26,500, which occurred in Sind and the Central and Northern divisions, where fewer works than in the previous year were executed.

19. *Conservancy.*—The expenditure under this head amounted to Rs. 29,00,000 as against Rs. 32,00,000 in the previous year. The expenditure as usual represents—

(1) cost of construction of new latrines, gutters, etc.,

(2) cost of new staff employed and increments in pay to staff,

(3) purchase of motor lorries, dust-bins and other requirements.

20. *Hospitals and dispensaries.*—From the statements submitted by the Commissioners showing the share of expenditure on medical relief borne by the municipalities in Sind, Northern and Central divisions, it appears that the number of municipalities which failed to spend on medical relief 4 per cent. of their expenditure is large. Information is not available as regards the municipalities in the Southern division.

21. *Road expenditure and appropriation of wheel tax and road tolls for the purpose.*—The expenditure on roads amounted to Rs. 15,41,000 against Rs. 18,91,000 in the previous year, the large decrease being due to the exclusion of the figures of the Karachi municipality. The Northern division accounts for a decrease of Rs. 72,700. These decreases were partly set off by the increases of about Rs. 80,000 and Rs. 48,000 in the Central and Southern divisions, respectively.

Several municipalities failed to observe the principle that the whole of the proceeds from wheel tax and road tolls, after making allowance for the cost of collection and for one-third of the expenditure in watering roads, should be devoted solely to road repairs and road construction.

In the Northern division, the municipalities of Modasa, Dhandhuka, Dohad, Rander, Thana, Kalyan and Bhiwandi failed to observe this rule.

The Ahmedabad municipality treated with asphalt 16 roads, and it has now a length of 27½ miles of dustless roads. The Surat municipality made good progress towards spray-maxing of roads.

In the Central division, the receipts from wheel tax and road tolls amounted to Rs. 3,50,451, whilst the total expenditure on roads amounted to Rs. 6,02,169. The Bandra, Kurla, Amalner, Jalgaon, Chalisgaon, Parola, Dhulia, Lonavla, Satara City, Mahableshwar and Sholapur municipalities spent considerably more on roads than their income from these taxes, whilst the Bhusawal, Shahada, Trimbak, Baramati, Indapur, Karad, Mhaswad, Wai and Pandharpur municipalities spent much less than their income from these taxes. Some of the municipalities levied neither wheel tax nor toll tax and met the expenditure on roads from their general revenues.

In the Southern division, 20 municipalities spent less than their income from wheel and toll taxes. Of these the Kumta, Sirsi, Mahad and Vengurla municipalities are reported to have kept their unspent balances in a separate fund, while the remaining 16 municipalities had merged the unspent amounts in their general balances, but maintained separate accounts of the road fund.

In Sind, the Tatta, Hala, Garhi-Yasin, Kotri, Larkana, Ratodero, Umarkot and Jacobabad municipalities did not spend fully the income during the year from wheel tax and road tolls on the construction and maintenance of roads. The Tatta municipality again did not maintain a special fund for this purpose. Its attention should be drawn to this omission.

In Sind and in the Northern and Central divisions, no progress is reported to have been made by any of the municipalities in prescribing regular lines of streets according to the provisions of section 91-A of the Bombay District Municipal Act, 1901, and the corresponding section 118 of the Bombay Municipal Boroughs Act, 1925.

In the Southern division, almost all the important streets are reported to have been aligned in the Bijapur, Bagalkot and Ratnagiri municipal areas.

22. *Public instruction.*—The total expenditure under this head amounted to Rs. 44,34,000 against Rs. 48,23,000 in the preceding year, owing to the exclusion of the figure of Rs. 4,71,000 pertaining to the Karachi municipality. There were increases of about Rs. 52,000 and Rs. 33,000, respectively in the Central and Northern divisions.

23. *Closing balance.*—The year's working resulted in a decrease of about Rs. 42,90,000 in the total of closing balances. The aggregate closing balance of all the municipalities in the Presidency including Sind, excepting Karachi, amounted to Rs. 55,80,000 against Rs. 98,70,000 in the preceding year. In Sind, the actual balance excluding deposits amounted to Rs. 10,83,000 as against Rs. 52,14,000 in the previous year.

24. *Audit of accounts.*—The Accountant General's Local Audit Department audited as usual the accounts of the municipalities in the Presidency including Sind. The main audit notes and the annual report by the Examiner, Local Fund Accounts, indicate that in general better effort to improve their administration by following the audit remarks and suggestions was made by the municipalities. On the other hand non-observance of the rules and standing orders even in the case of certain borough municipalities indicated a regrettable disregard for the rate-payers' interests. Several municipalities were warned by the Commissioners during the year under report that action under section 10 (5) of the Bombay Local Fund Audit Act, 1930, would be taken, if replies to the audit notes were not given by the prescribed date. Considerable delay occurred not only in the disposal of audit notes, but also in replying to communications from Government arising out of the points raised in audit notes. Government regret to note in particular that the Poona City and Lonavla municipalities, which were called upon more than a year ago to answer certain serious irregularities brought to light by the auditors, have as yet failed to answer them adequately in spite of repeated reminders and warnings.

In the Northern division, serious irregularities, and in some cases misappropriations and frauds were reported in the Ahmedabad, Dhandhuka, Ranpur, Dholka, Broach, Surat and Bassein municipalities. The financial condition of the municipalities of Modasa, Ranpur, Dhandhuka, Prantij, Mehmedabad, Borsad, Nadiad, Umreth, Rander, Bhiwandi and Bassein was found to be unsatisfactory. Though these local bodies were called upon to devise ways and means of putting their finances on a sound basis, they have as yet not shown any improvement.

In the Central division, no serious cases of embezzlements or misappropriations were reported by the Examiner during the year under report. The audit notes of the Kurla and Lonavla municipalities recorded the continuance of very heavy arrears. The financial position of the Ahmednagar, Yawal and Sirur municipalities was reported to be unsatisfactory, and at the instance of the Collectors concerned steps are being taken by these municipalities to put their finances in order.

In the Southern division, the financial condition of the Athni, Gokak, Navalgund, Nargund, Gadag-Betgeri, Bhatkal, Haliyal, Gokarn and Ratnagiri municipalities was reported to be unsound. The affairs of the Ilkal, Navalgund and Kumta municipalities were mismanaged and the latter two municipalities have since been superseded.

In Sind, the work of collection of taxes showed retrogression. The financial position of most municipalities is far from satisfactory and the expenditure in the case of Keti Bunder, Hyderabad, Tando Muhammad Khan, Shikarpur, Larkana, Kambar, Dadu, Sehwan, Kotri and Umarkot municipalities exceeded their income.

25. *Grants for sanitary and town improvements schemes.*—As usual, a wholesome and plentiful water supply, efficient drainage, the opening up of congested and insanitary localities, construction of good roads, hygienic school buildings with adequate playgrounds, improved conservancy arrangements, municipal office buildings, dispensary buildings, markets, slaughter houses, etc., continue to be almost in universal demand. Municipalities are alive to the needs of water supply and drainage, but most are prevented from showing any great results in this direction owing to lack of funds. Government have in the past, so far as the state of their finances permitted, assisted municipalities towards the supply of their most urgent requirements by giving loans and grants-in-aid, but in the year under report financial stringency has prevented more than meagre assistance from Provincial funds. Among the grants given by Government during the year were :—

Municipality.	Purpose.	Amounts of grants-in-aid.
Central Division.		Rs.
Nandurbar	Water supply scheme	7,501
Poona Suburban	Drainage Scheme	10,263
Do.	Town Planning	1,234
Poona City	Drainage	4,854
Nasik	Sanitary arrangements during Sinhast fair ..	1,000
Amalner	....	1,174
Southern Division.		
Notified Area Committee, Khed	Water supply	1,771
Sind.		
Jacobabad	Water supply scheme	1,982
Shikarpur	Drainage scheme	14,510
Tando Adam	Do.	888

PART II.

Remarks regarding more important municipalities.

26. *Ahmedabad.*—The financial position of the municipality continued to be satisfactory and the municipality at the close of the year had Rs. 34,41,462 in "Fixed Deposits". The municipality has given much attention to the question of improving its water supply and drainage, and of asphalting roads, of which some 27½ miles have now been treated.

The serious epidemic of cerebro-spinal meningitis was dealt with by special measures, such as the provision of isolation hospitals, the closing of places of public assembly, giving of intimation as to the disease, etc. An outbreak of plague was also checked by prompt precautions being taken. Considerable credit is due to the municipality for its action in both cases.

Government note with regret that the municipality and the municipal school board have not yet agreed to accept the policy enunciated by Government regarding the conduct of primary education.

Surat.—The financial position of the municipality was sound. The question of the improvement of the water supply has been engaging the attention of the municipality and the work of enlarging the main from Chowk to Athwa Gate is in process of execution. The drainage scheme, however, which is one of the most urgent needs of the City, has not as yet made any progress.

Poona City.—The year was one of little progress. The normal income is a good deal behind the normal expenditure, the arrears of taxes rose from Rs. 1,65,983 to Rs. 1,76,343, and a number of instances of negligence of the rate-payers' interests were pointed out by the Examiner in his audit note for 1932-33.

The epidemic of plague to which reference was made last year continued in the year under report and attained its peak in the months of September and October when 332 and 306 deaths were recorded. The municipality appointed a plague relief committee to assist the health department with the epidemic, but this was not done till August 30th by which time the disease was well-established. Government would impress on the municipality the necessity for more prompt and effective measures especially in the matter of evacuation. Government note with regret the high infantile and child mortality in Poona City and the apparent indifference of the municipality to the conditions responsible for this. It is clear that there is an imperative need for the improvement of the insanitary slum areas of the town.

Sholapur.—The Sholapur municipality is reported to be one of the very few local bodies where the party system functions in a healthy manner. Further, Government observe with approbation that the municipality proposes to undertake, in the interests of public health, and at a cost of several lakhs, a number of important schemes of water supply, drainage and town improvement schemes. The municipality deserves commendation for the prompt action which it took to check the spread of a plague epidemic.

Hyderabad.—Government regret to note that the financial position of the municipality continued to be unsatisfactory, for the ordinary annual expenditure far exceeded the income. As observed by the Commissioner in Sind the appropriate method of improving the municipal finances is the imposition of direct taxation and the municipality must consider very seriously the question of finding ways and means to execute the many important and urgent schemes in contemplation.

Government note with satisfaction that the city was free from epidemics and that the rate of mortality, especially among infants, was lower than in the preceding year.

Karachi.—The City of Karachi Municipal Act, 1933, the need for which had been felt for a long time, was passed during the year under report and was brought into force from 1st November 1933, and in consequence comment is omitted from the report, as Karachi has now become a Municipal Corporation.

PART III.

27. *General remarks.*—(1) In view of the financial stringency still affecting the resources both of Government and of the municipalities, there is little advance to record during the year.

Municipalities in general are aware of the need for improvements and, as far as their finances permit respond to the popular demand for better conditions, but at present through lack of funds, very few are in a position to undertake ambitious schemes. Government note with satisfaction, however, cases where municipalities are ready to undertake their responsibility for improvements and to raise loan funds in the open market, rather than to remain inertly and uselessly soliciting grants-in-aid from provincial revenues.

(2) The most serious feature of municipal administration in the year under report is the increase in the arrears of rates, taxes and dues which remain uncollected. These have risen from Rs. 31·25 lakhs to Rs. 32·12 lakhs. Government must impress on all municipalities that, however distasteful a task to elected representatives the collection of arrears may be, yet failure to collect not only places an unfair burden on those rate-payers who do pay their dues, but it is a breach of faith with the municipal electors who have chosen their representatives to administer efficiently the local finances.

In the future, Government will have very seriously to consider whether failure to undertake the obligatory duty of collection of arrears of municipal dues, will not have to be held adequate reason for supersession of any municipality so defaulting.

(3) Allied to this latter matter, is the reluctance of some municipalities to employ efficient and sufficiently paid staff. It appears to Government that much of the mal-administration revealed in the reports of inspecting officers, is due to

this, and that where municipal work is efficiently carried out, it will usually be found that the staff is adequate and granted reasonable conditions of service and protection from undue local pressure. This aspect of administration is earnestly commended to the attention of all municipalities.

(4) Government regret to observe that it is reported that the working of a number of municipalities is obstructed by the prevalence of party spirit and faction, on the prejudices of which, rather than on consideration of the public good, the administration is conducted. Government trust that improvement in this direction will be shown next year.

(5) Government note with satisfaction the commendation bestowed by local officers on the administration of certain municipalities and the good relations preserved between the majority of municipalities and the officers of Government.

(6) Government place on record their appreciation of the work of the Commissioners and Collectors in aiding and guiding municipalities during the year.

By order of the Government of Bombay
(Transferred Departments),

H. K. KIRPALANI,
Officiating Secretary to Government.

G. R., No. P. 55, G. D., dated the 16th May 1935.

* It must be clearly understood that under these heads only such general charges are to be shown as cannot be properly shown under any of the other heads. Whenever establishment is employed, or works are constructed for a particular purpose only, the charge should be shown under the head to which that purpose belongs and not under these heads.

No. III.

Bombay Presidency during the year ending 31st March 1934.
